I. MOTION by Member Miller to approve the edited NISC minutes of March 14, 2012, was seconded by Member Dornblaser. Within Item II, Member Miller name was added to the following sentence: Committee Members Ericksen, Melton and Moore agreed to help enter the data. Ayes: Brozic, Dornblaser, Ericksen, Erickson, Melton, Miller, Moore, and Persha. MOTION CARRIED.

II. Assistant Manager Kurt reported that the Committee survey will be on the back page of the spring About Town scheduled to go out early April. The survey and a short story will appear side-by-side with Chair Melton sharing NISC background and updates. Citizens can choose to use the Survey Monkey tool, and they will also have the option of including their addresses or block numbers.

III. Chair Melton divided the Committee into four groups (including Member Janovy material) to participate in an hour-long brainstorming session regarding three questions about citizen input teams: 1) How many meetings? 2) What is the agenda for each meeting? 3) Location of meetings? The reports were shared and compiled, and a draft agenda for a City-wide meeting was prepared. The compilation and draft agenda are attached to these minutes. Members Dornblaser, Melton and Miller will prepare an overall summary to present at the next Committee meeting.

IV. There being no further business, the March 14th meeting was adjourned at 8:30 PM.
